Thank you for choosing us to take care of your Jr. Badger(s) this summer. Your camper’s safety is our main concern in ensuring they have an enjoyable summer camp experience. All of our counselors are American Red Cross First Aid/CPR/AED certified and are trained to call 911 and provide care until help arrives. Below outlines our safety policies in case of an emergency. If you have any concerns about these policies, please do not hesitate to contact us.

In the event of a life or limb-threatening injury:

- As a reminder, our counselors are trained in Adult and Pediatric First Aid, CPR, and AED. In the event we need to call 911 for a serious emergency, we will do our best to notify you and ask for your input before accompanying your child in an ambulance to the hospital.
- **Limb-threatening**: broken limbs and/or possible loss of limb (in the case of a broken limb, we will call you first)
- **Life-threatening**: loss of consciousness, heart-related emergencies, and severe blood loss (we will call 911 and ride in the ambulance with your camper to the hospital)

If a camper does need an ambulance ride:

- A counselor will ride with and stay with the camper until you or an emergency contact can arrive. Our counselors are unable to transport campers to hospital.

Questions or concerns:

- Call Chad Schultz at (608) 262-9398 or email chad.schultz@wisc.edu
- During camp hours, if Chad is unavailable, please call the UW Natatorium front desk at (608) 262-3742
